City of Ashland

...

Emergency
management

Cass Cornwell,
Firebrand Resiliency
Collective

...

Community
Resilience

Manuel Machado,
OSU Extension

...

Workforce
development

Wildfire is a persistent and deeply felt reality in the Rogue Valley. This panel brings together emergency management professionals, community organizers, extension specialists, and workforce coordinators to strengthen ties with Southern Oregon University and explore actionable strategies for wildfire preparedness and resilience. Participants will delve into how academic partnerships, research, and local knowledge can come together to create inclusive, science-driven approaches tailored to the region's unique landscape and community needs.

08 MAY

Presentation: 4PM-5PM

*Happy hour event to
follow*

FREE EVENT!

While registration is not required, we kindly ask you to RSVP in advance to help us prevent food waste.
