

*Begin the conversation on campus, and keep it flowing downtown!*

**"From Southern California to Southern Oregon: The Legacy of Metal Pollution, Wildfire, and Environmental Justice"**

***Presenter:***

**Dr. Wayne Hung**  
Assistant Professor of  
Chemistry

**4 DEC**

**Presentation: 4PM-5PM**

*Happy hour event  
downtown to follow*

**FREE\* EVENT!**

\*Growler Guys will have a no-host bar with alcoholic and non-alcoholic options.

***Join Us*** to discover how research on urban metal pollution in Los Angeles can shed light on environmental contamination, wildfire impacts, and environmental justice issues here in the Rogue Valley. This talk will share preliminary findings from a summer soil metal assessment.
